for Women

WHO ARE WE:

CLOSE THE GAP

CLOSE
THE
GAP

BRIDGING
THE DIGITAL
DIVIDE

Bridge the digital divide by providing high quality, pre-owned ICT devices to educational, social and entrepreneurial projects in underserved communities around the globe.

MEDIA MATTERS FOR WOMEN

Connect women and girls in Sierra Leone beyond the reach of traditional media with information and inspiration that enables them to be healthy, live safely, and fully enjoy their rights.

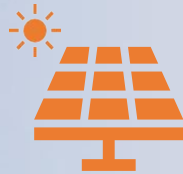

The Digitruck programme brings digital education to underserved communities in Africa

A 40ft refurbished shipping container converted into a mobile state-of-the-art digital classroom

Mobile truck that can be deployed in rural and peri-urban areas

Solar powered to allow autonomous operations in areas with limited power

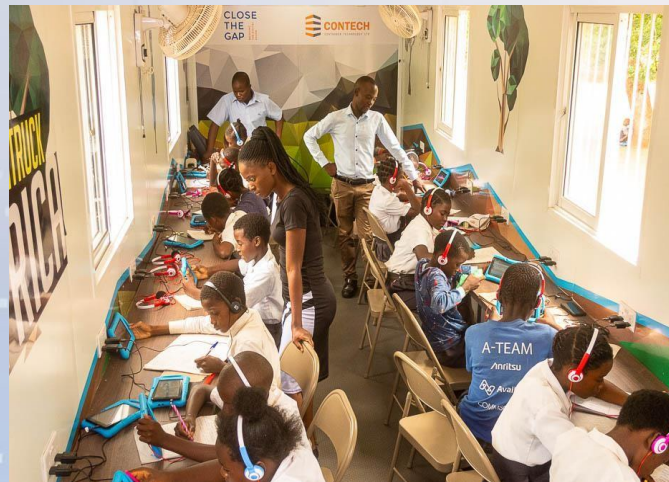

Equipped with high quality technology tools (laptops, smartboard etc..)

Partnership with technology-focused NGOs to deliver high quality digital skills training

To date we have deployed 14 Digitrucks made in Africa and managed by local organizations with close ties to the targeted communities
