Juliana Juma a Plumbing student from Dodoma VTC; motivating other girls

Most of us we hear that hard works is for men
I say No!! I JULIANA JUMA I am a Plumber,
I made a wise choice because I believe girls can work and learn any kind of work that they want to achieve in Life.
You can use your chance.
Every Girl is a Binti Thamani (Every girl is a valuable girl)

A photograph of a woman with dark hair, wearing a blue and white uniform, focused on operating a large industrial machine. The background shows other workers and machinery in a factory environment. In the top left corner, there is a logo for 'VIA Don Bosco'.

The slide features the VIA Don Bosco logo in the top left corner. The logo consists of the letters 'VIA' in a large, stylized blue font, with 'Don Bosco' written in a smaller blue font below it. The main title 'Bedankt! Merci!' is centered in large, bold, orange-red letters. Below the title is a photograph of several students in a workshop setting, focused on their work at a bench.
